JANUARY 2024

Greetings to all my family in Christ:

I pray everyone is doing well. In the past year (2023) I had the opportunity to preach the Word of God in many places all over Mexico and also in several churches in the border towns. I am so thankful to God the blessings and opportunities to share His Word.

Last December, along with my family, we were able to go to the mountains of Mexico in the south of the state of Nuevo Leon, to give toys, food, candy, and more important, spread the Word of God.

I want to tell you that I will continue to work in the mission field for as long as God enables me to. Please keep me and my family in your prayers, so we can continue going forward with the legacy that my husband left us.

Thank you all for your faithful support and prayers.

In His Service:
